Sample Schedule of Required Courses

Plan 2: This plan assumes the student has satisfied English A requirement and is ready to enroll directly into Chemistry 2A and Math 16A (Calculus). Suggested first quarter work load is about 12-14 units. Students must increase their academic workloads in subsequent quarters to 15 – 17 units per quarter to reach the 180 units required for graduation. The schedule below totals at least 156 units of the 180. Workload courses do not count towards graduation units needed.
